

**Informational Meeting of the members of Motor Insurers' Bureau Greece
on 29.04.2015 for the Protection of Visitors Agreement
of the Council of Bureaux**

An informational meeting was organized on the 29th.04.2015 with great success by the Greek Bureau, in order to promote the Protection of Visitors Agreement. I presented the Agreement and then a very productive conversation followed, where the representatives of our members took an active part showing interest to better understand the benefits of the extension of the PoV Agreement. Specifically, both parts of the Agreement were presented and explained in comparison with the 4th European MID, as well as all the benefits for both the insurance companies and their clients.

In relation to activating the Optional Agreement, we invited our members to appoint (to the degree they are interested in) their representatives in Albania, Bosnia-Herzegovina, Montenegro, Morocco, Ukraine, Fyrom, Serbia and Turkey. We explained of course that they can appoint their already existing correspondents.

We hope we can soon see the results of our effort taking place.

Kind Regards

Motor Insurers' Bureau - Greece
